

TECHNICAL INFORMATION

Referencing over 100 years of expertise developing and manufacturing innovative fabrics, the Climescape water-repellent fleece was created to be the ultimate outdoor lifestyle garment. Tough enough to withstand inclement weather and regular washing, yet light enough to remain comfortable during outdoor pursuits, the Climescape water-repellent fleece represents affordable innovation and quality for people who don't put their day on hold for the weather.

● SPILL RESISTANCE

Climescape garments harness next generation nanotechnology, which allows fabric modification at the molecular level by permanently attaching hydrophobic 'whiskers' to individual fibres. These fibres cause liquids to bead and roll right off the fabric. This treatment is eco-friendly and PFOA free.

● COLOURFAST

All Climescape garments are tested for repeat machine washing, colourfastness and crocking, and prolonged light exposure to ensure they retain their original vibrancy, wash after wash and wear after wear.

● STAIN REMOVAL

Climescape garments contain release agents that are activated with warm water and detergent in all domestic washing machines. This will help dislodge tough stains and restore the original colour and texture of the garment.

● SHRINK RESISTANT

All Climescape garments are pre-shrunk prior to construction to reduce shrinkage and maintain the garment's original size and shape. Please follow the care instructions for ultimate garment performance.

● LAUNDRY CARE

Using fabric softener or dryer sheets with Climescape garments will reduce the water repellency and is strongly not advised.

● DURABILITY

The water-repelling treatment on every Climescape garment will reduce the number of times you will need to launder the garment. This will in turn extend the overall life span of the garment.

● DRIES FASTER

The water-repelling treatment undergone by all Climescape garments will restrict the amount of moisture the fabric can absorb, resulting in faster drying times than untreated cotton, saving both time and energy.

SIZING INFORMATION

Men's Tops				
	Chest	Body Length	Sleeve Length	Waist Top
Small	40in	28in	34.5in	39in
Medium	43in	29in	35.5in	42in
Large	46in	29.5in	36in	45in
XL	49in	30.5in	37in	48in
2XL	52in	31.5in	38in	51in

Ladies Tops				
	Chest	Body Length	Sleeve Length	Waist Top
Small	36in	25.5in	31in	33in
Medium	38in	26in	31.5in	35in
Large	40.5in	26.5in	32in	37.5in
XL	43.5in	27in	32.5in	40.5in
2XL	46.5in	27.5in	33in	43.5in
